## H01317 GRIPPGRID 530GSM -FR GRID MESH MATTING

*GrippGrid is a robust and reusable matting solution specifically designed to mitigate the risk of dropped or falling objects by securely enclosing grid mesh platforms.*

Tailored for all elevated tasks performed on grip mesh platforms, GrippGrid offers an economical drop matting alternative that can be used multiple times.

In contrast to expensive and environmentally harmful disposable items such as shade cloths, GrippGrid matting stands out as a sustainable choice, providing long-lasting use without compromising on performance.

GrippGrid matting is both fire-resistant and reusable, making it the only choice for projects involving grid mesh platforms.

\*This item can only be delivered to a registered business address. Home addresses are not permitted.
