Product description

The SN20 Y Anchor Sling, crafted from high-strength polyamide webbing at a width of 20 mm, is designed for versatility and maximum safety. With a breaking strength of 22 kN and intended for use on a horizontal safety system, it allows for easier and safer passing of progressive anchor points. Thanks to its dual-arm design, users are secured even when navigating through anchor points. Meeting EN795, EN 566, and EN 354 standards, this sling is the professional's choice for secure anchorage.
