KEY FEATURES

**Example application with H01061 - Coil E-Tether With Poly Clip & E-Catch (Non-Conductive) - 0.5kg / 1.1lb, sold separately.*

Fully adjustable to be compatible with virtually all Two-Way Radios.

Compatible with all standard work belts.

Easily mountable to work belts or harnesses via a two-way Velcro mounting sleeve.

1

To secure an electronic device, slide the radio or device all the way to the bottom of the holster.

2

Click the release buckle together, then pull the bungee cord tight while sliding the cord lock towards the holster.

3

Attach to a tool belt or harness using either the velcro strap or sewn loop on the back of the holster.

SPECIFICATIONS

SKU	MAX LOAD	LENGTH	WIDTH	HEIGHT
H02034	0.5kg 1.1lb	15cm 5.91in	11cm 4.33in	4cm 1.57in

Please note: The length, width, and height of the radio holster may vary depending on the size and shape of your device, as the elastic sides and top are designed to flex and accommodate different proportions.
