H01070 COIL HARD HAT TETHER

The GRIPPS® Coil Hard Hat Tether is both reliable and compact, offering a low-profile design that ensures you hardly notice it's there.

Manufactured from industrial-grade PU, the coil boasts exceptional strength and ruggedness, making it ideal for various industrial applications.

Featuring a highly secure metal clamp and a tactical, lightweight design, the GRIPPS® Coil Hard Hat Tether is compatible with the majority of hard hats available on the market. It easily connects using a straightforward choke method.

MAX LOAD

ENGINEERED FOR DROP PREVENTION

GRIPPS.COM

KEY FEATURES

Industrial-grade
PU coil.

Extremely strong
metal or poly clamp
option.

Lightweight and low
profile design.

HOW TO USE

1

Feed the looped end of the hard hat tether through an appropriate connection point on the hard hat.

Then feed the clamp end of the hard hat tether through the loop, and pull tightly to create a secure connection.

2

Push fabric all the way into the jaws of the clamp, ensuring that the clamp "teeth" are totally covered by fabric.

Close the clamp by pushing the arm all the way down. Apply 2kg/4.5lbs of force to the tether to ensure a secure connection.

SPECIFICATIONS/VARIANTS

SKU	MAX LOAD	MIN LENGTH	MAX LENGTH	VARIANT
H01070	0.5KG 1.1LB	11CM 4IN	86CM 34IN	
H01070-10	0.5KG 1.1LB	11CM 4IN	86CM 34IN
