COMPLIANT

H02062 CLAW HAMMER HOLSTER

Compatible with all standard work belts, the GRIPPS® Claw Hammer Holster ensures your hammer remains securely in place while remaining easily accessible.

Designed with a high-quality Nylon strap featuring a snap-lock fastening strap, your hammer is firmly secured.

Additionally, two load-rated D-rings enable you to tether your tool to the holster, providing added security against accidental drops.

KEY FEATURES

Compatible with all standard work belts.

Lightweight design with industrial toughness.

Snap-lock fastening strap to secure the hammer in the holster.

2 x load-rated D-rings.

HOW TO USE

1

To connect to a work belt, thread the work belt through the loop on back of the holster. Open the holster by unclipping the button.

Diagram 1 shows two steps: first, a work belt is threaded through a loop on the back of the holster; second, the holster is opened by unclipping a button.

2

Connect your preferred GRIPPS® tether to your hammer. Insert the hammer into the holster.

Diagram 2 shows a hammer being inserted into the holster, with a red tether attached to the hammer's head.

3

Connect the opposite end of your tether to one of the two upper D-rings.

Diagram 3 shows a hand attaching the red tether to one of the two upper D-rings on the holster.
