

D4 Descender Panic Brake-

Descender

- Compatible with 10,5-11,5 mm rope
- 5 kN slip load
- Maximal load of 240 kg

EN 12841 : 2006

Product description

The D4 from ISC is a double-stop device with an auto-lock function, activated when the user lets go of the handle. It also has a panic brake and compatible with 10,5-11,5mm ropes. The device is made of stainless steel and is strong and corrosion resistant. With its unique progressive cam action this device is a must among rope access climbers.
