**1**

When the lid is open, store it in the side internal pocket. When transporting contents at height, zip shut.

**2**

To secure to a rail, wrap the velcro mounting straps all the way around the rail and feed back through the metal brackets. Adhere velcro strap.

**3**

To lift, zip the lid closed to secure contents. Ensure all tools are tethered to D-Rings. Attach lifting hook to both of the lifting straps.

**4**

To manually transport, use backpack straps, and adjust length as required. Refer to your workplace guidance on safe manual handling guidelines.
