H01073 BUNGEE TETHER DUAL-ACTION SWIVEL CARABINER - 7KG/15LB

Lightweight and built to last, the GRIPPS® Bungee Tether Dual-Action Swivel Carabiner is as reliable as it is functional and features a dual-lock carabiner and elasticised webbing made from heavy-duty polyester.

In addition to its lightweight design, the elastic properties of the bungee material efficiently absorb the downward force generated by a dropped tool.

When arresting the fall of a dropped tool, the GRIPPS® Bungee Tether Dual-Action Swivel Carabiner extends up to 40cm/16", effectively mitigating the downward force and stabilising the user while safeguarding against bounce-back.

7 KG **15** LB
