

GRIPPS®

D28313 SHIFTER - 10"

The IREGA Wrench 92W is a revolutionary tool designed to redefine your adjustable wrench experience.

With its Xtra opening ranging from 6" to 12", this wrench offers an incredible 25% Xtra capacity, allowing it to operate over a broader range of nuts and bolts while maintaining the same size as a standard adjustable wrench.

Equipped with longer jaws and a four-thread knurl, the 92W ensures a secure grip and enhanced performance.

ENGINEERED FOR DROP PREVENTION
