## H01110 BULL BAG - 113KG/249LB

*Renowned as one of the most durable lifting bags on the market, the GRIPPS® Bull Bag stands out for its exceptional design and features. Manufactured from heavy-duty, water-resistant dual-layer tarpaulin and with feet on the base to minimise wear and tear, this innovative design guarantees unmatched durability and longevity.*

Enhancing usability, the bag now features a clear Nylon TPU-coated top closure, complete with a secure zip with an auto-locking zip slider, allowing ample light to illuminate the contents within its vibrant red interior. Additionally, a load-rated aluminium carabiner is included for securing the bag when working at height.

113<sup>KG</sup>

249<sup>LB</sup>

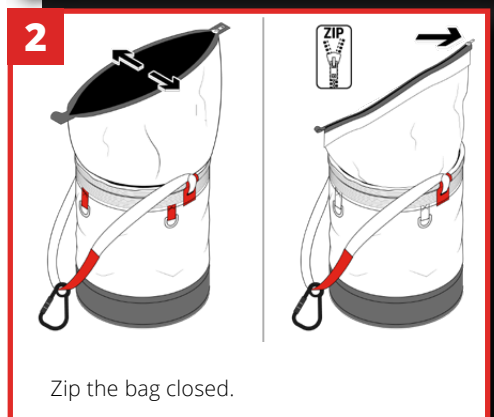

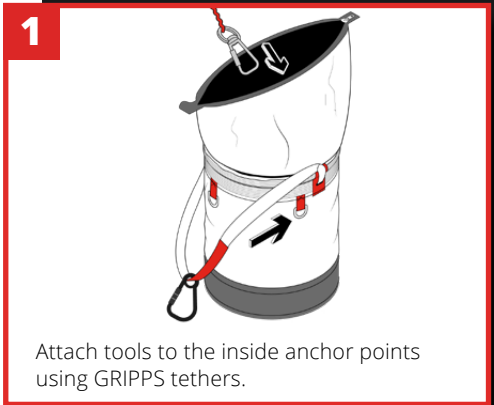

MAX LOAD:

ENGINEERED FOR DROP PREVENTION
